

*Will Host Congress on Your Corner in Burlington County*

Beverly - On Saturday, May 16, Congressman John Adler, will host a Congress on Your Corner in Burlington County. As part of his constituent outreach program, Congressman Adler will tell local business owners about legislation to make health insurance more affordable for small businesses. He will also answer questions about efforts to revive our economy, support our military, and provide tax relief initiatives for seniors, veterans, and New Jersey's middle class.

"In Congress, I am working to provide more affordable health insurance for small businesses, tax relief for middle class families, and increased benefits for our seniors and veterans," said Congressman Adler, a member of the Financial Services Committee. "I look forward to hearing from local residents, listening to suggestions and concerns, and taking ideas to Washington."

Earlier this week, Congressman Adler announced that he sponsored bi-partisan legislation that will make health insurance more affordable for small businesses. The Small Business Health Options Program (SHOP) Act would make health insurance more affordable, predictable, and accessible for small businesses and the self-employed. The SHOP Act would offer tax incentives to encourage states to reform poorly functioning small group insurance markets and would encourage the development of state purchasing pools backstopped by a voluntary, nationwide pool.
